**RULES WHILE ON THE TRAINING GROUNDS:**

1. Please be mindful of all dogs and handlers at all times.
2. There are to be no dogs off lead at anytime unless in class and under the direction of an instructor. The only exception is while rewarding your dog immediately after completing an exercise and this is restricted to the area around old water tank shed on north side of main shed. (this rule will be re assessed once we have the ground fenced)
3. No dogs are ever to be taken on the left hand side of the driveway, ie not near any of the Alamy Creek Trust Buildings and no dogs to be taken into club shed.
4. No dogs to be left tethered and unattended. Do not tether dogs to the bench seats, trees, or the side of the car. Dogs should be left in crates, or in your car, or held by a person.
5. Please pick up and remove all dog poos. Although there is a bin provided by Alamy Creek Trust for picnickers, be aware that the trust members take this garbage home as there is no garbage collection for the reserve.
6. Vehicles are not to exceed walking speed. All parking of cars to be confined to driveway, except those instructing on the day.
7. If a dog is wearing a bright yellow bandana, coat or lead it indicates the dog requires space around it – please respect the “Give Me Space” Yellow Dog items.
8. A flat collar must be worn by your dog during training, unless otherwise directed by your instructor. No smoking during training.
9. A copy of the rules and regulations of the Clarence Dog Sports Inc. is available on request.
